WVUIT Tuition and Fees

Regular Semester and Annual Totals Resident, and Nonresident Students

2007-08 - 2016-17 Terms

Notes

2011-12 Notes

- 1) Fee includes the increase of differential faculty personnel costs, differential expendable item costs, and the differential equipment costs relative to the same fee last year. The fee increase relative to last year includes consideration of the laboratory fees that have been eliminated relative to
- 2) Fee was adjusted to maintain consistency in the Total Tuition and Fees paid by Tech Nursing students with the total tuition and Fees paid by Main Campus Nursing students. Please note that Tech does not currently have nonresident students in the Nursing Program.
- 3) Fee accounts for the differential instructional costs, primarily faculty personnel costs, relative to students that take programs that are only charged Regular Tuition and Fees. This is a new fee.
- 4) Fee accounts for the differential faculty personnel costs, differential expendable item costs, and the differential equipment costs relative to students that take programs that are only charged Regular Tuition and Fees. All the program specific laboratory fees have been eliminated and their costs has been effectively included in this fee. This is a new fee.

* Coed residence hall will not be used in 2008-09

** Maclin was recently renovated, is air conditioned and viewed as the most desirable residence hall on campus. The significant increase in a Maclin double room is to assure a rate equivalent to the Hi Rise double, which is a less desirable residence hall.

- 1) This rate is for three students living in a room designed for four
- 2) This rate is for two students living in a room designed for four.
- 3) This rate is for four very small singles. The single rooms are smaller than the Hi Rise doubles.
